Krikina Took the Third Race from the Favorite in a Red-Hot Finish.

SUTTENBURG RACE TRACE, Jan. 9 .- The programme at Guttenburg to-day was one of the best seen at this track since New Year's

Some of the best horses at the track were entered to-day and the crowd expected to see some excellent sport. That they were not disappointed may be

eeen from a perusal of the summaries below. The weather threatened snow, and, in fact, the beautiful" aid fall for a short time be fore noon. It cleared, however, and there was every prospect of a clear afternoon.

The air was a trifle raw, but the crowd were in the betting ring most of the time, and managed to keep fairly comfortable. The track was in excellent condition. The opening event was a dash .. four and

a half furlongs and a sorry lot were entered. Frank I., opened favorite, chiefly because Martin was up, but the knowing ones refused to bite, and they placed their money or Belle D. with such confidence that she was suickly installed favorite. Laurenska was heavily played also.

Belle D. won easily from Laurenska, who looked all over a winner in the stretch. Frank I. was third.

Lady Bellard trailed along last, after a nice strong pull, and this caused Judge Burke to call young Shields, his rider, into the stand. Shields was asked to explain his peculiar riding through the stretch. He replied that he was unable to do anything with the mare. Judge Burke then dismissed the case.

Later the jocker's father came into the stand with tickets bearing the name of the Jockey Turf Club, showing that he had played the mare.

The third race brought some very good aprinters together, and the finish was very exciting, no less than five of the starters finishing so close together that a blanket would have covered them
